The Alhambra visit during ICREPQ'20 will be individual and free for all the participants, which can choose the more convenient day for to organize their visit, depending on the ICREPQ'20 presentations and days that each one of you stay in Granada. **The ICREPQ'20 Organization promotes and supports your visit to the Alhambra and we'll reimburse the cost of 14 Euros of your individual ticket with the only presentation of the receipt of your visit at the ICREPQ'20 Secretariat. In any case we suggest that you make the reservation of your visit directly, using the following information and procedures, as soon as you have the details of your travel and the ICREPQ'20 schedule. Also you must take into account that you need spend about three hours for a complete and calm visit.**

Like the Director of the Council say: *"The Alhambra, in peace with its history, has become the destination of many tourists and probably is the best treasure of the city of Granada. To enjoy the beauty of the palatine chambers, the scents of the courtyards and gardens, the games of light and colour of the richly decorated halls and the impressive views of the Albaycin and the Vega constitutes a privilege for our senses"* and the ICREPQ'20 Organization Staff suggests and supports your visit to the Alhambra. We hope that the ICREPQ'20 Technical Program will be very interesting and stimulating and we'll organize many oral and poster sessions with a lot of papers presentations and plenary sessions, then we want not say that you don't attend to all the sessions, but at the same time we can understand that is a pity that you stay in Granada and don't visit the most important monuments.

**Our recommendation:** We suggest that before your Alhambra visit read the book: *"Tales of the Alhambra"* written by **Washington Irving**. The title in Spanish is *"Los cuentos de la Alhambra"* and we don't know if it was translated to other languages
