

Manuel Pérez Donsión

Address: School of Industrial Engineering
Department of Electrical Engineering
University of Vigo
Campus of Lagoas-Marcosende
36310 Vigo (Spain)

Primary Email: donsion@icrepq.com
Additional Email: donsion@uvigo.gal
Web page: <http://www.donsion.org>

Phone Number: 34 986782400
Mobile: 34 687468629
ORCID: 0009-0004-8290-3920

Manuel Pérez Donsión. Full Professor of Vigo University from 1987 till to now. He was hired as an Associated Professor of Vigo University in 1980. Among other academic posts he was, from 1986-1987, the Research Vice-Dean and, from 1995 to 2001, the Dean of the Escuela Técnica Superior de Ingenieros Industriales y Minas, now School of Industrial Engineering. From 2001 till to 2004 he was the Head of Electrical Engineering Department. He was and he is member of the Scientific Committee of different conferences, congress and journals. He is President of the following associations: "European Association for the Development of Renewable Energies, Environment and Power Quality (EA4EPQ/AEDERMACP)", "European Association for the Development of Electrical Engineering (EADEE)" and "Spanish Association for the Development of Electrical Engineering (AEDIE)" and Vice-President of the "Portuguese Association for the Development of Electrical Engineering (APDEE)". He has received the Gold Insignia of the "Green Week Foundation". Gold Medal of the School of Industrial Engineering of Vigo University and four awards of "Electrical Engineering" review.

His main research interests are linked to the:

- Power Quality
- Renewable Energy with special emphasis in Small Hydro Power and Wind Energy.
- Electrical Machines Modelling, Diagnostics and Control
- Permanent Magnet Synchronous Motors
- Transient Stability of Electrical Power Systems.

He was the author of two research books and other four books, more than one hundred research papers some of which were presented at national and international conferences, and others were published in relevant journals. He was the supervisor of five PhD Thesis. He has also been involved with several research projects financed by different institutions and organizations. He was the Supervisor of five PhD Thesis and he taught about Power Quality of Electrical Energy, Electrical Machines and Control of Electrical Motors for undergraduate students and Special Electrical Motors, Renewable Energies and Power Quality for postgraduate student and also some keynotes in different universities, institutions and countries.

Additional Information:

- Chairman of the ICREPQ Steering Committee & ICREPQ-International Scientific Committee Member.
- RE&PQJ Editor-in-Chief & RE&PQJ-Scientific Committee Member.
