

**INTERNATIONAL CONFERENCE
ON RENEWABLE ENERGY AND
POWER QUALITY
(ICREPQ'09)**

WELCOME TO ICREPQ'09

On behalf of the Steering Committee and the Local Organizing Committee we want to give you a very warm welcome to ICREPQ'09 and to Valencia.

Our International Programme Committee has selected a high quality 201 papers (among 332 proposals) from which 170 will be presented at the Conference, 40 at oral sessions and 130 at poster sessions (dialogue), along the three days of the ICREPQ'09. All of these papers are included in the final programme. Also four special papers will be presented in plenary sessions.

ICREPQ'09 covers the whole range of problems and solutions especially concerning with renewable energies and power quality and all the papers have direct relation with these two fields of research and practical work.

We would like to thank all the authors, session chairmen, participants without papers and the International Program Committee members who have made important contributions by reviewing the proposals.

In addition to the technical sessions, a number of social events have been arranged. On Wednesday evening (15th April, 19:00 H) we will hold a Civic Reception with aperitif in "Salón de Cristal. Ajuntament de Valencia" and on Thursday (16th April, 20:30 H) the Conference Banquet at "Sorolla Palace" where we will deliver presents to those companies/institutions that collaborate with the organisation of the Conference and on Friday (17th of April from 15:00 H to 19:00 H) we have arranged a Cultural Excursion in two Tourist Buses along Valencia and finally a visit to the City of Arts and Sciences.

We hope that you will find the conference intellectually stimulating, that you will make many fruitful personal contacts here and that you will thoroughly enjoy your visit to Valencia and the surrounding area.

Best regards,

Prof. Manuel Pérez-Donsi6n
Chairman of the Steering Committee

Prof. Francisco Cavall6 Ses6
Chairman of the Local Committee

AUTHORS

Oral Presentations

Each speaker of an oral presentation has an available time of 15 minutes (12 minutes for the presentation and 3 minutes for questions) and must be in the session room 10 minutes before of the beginning of the session for to test the audiovisual equipment and for to exchange opinions with the Session Chairman.

Poster Presentations

The poster must be put on the pin board that you previously can chose about 15 minutes before of the beginning of the session and it must be take off 15 minutes after of the end of the session. The author(s) must be stay near the poster along the 45 minutes of the session duration for to answer all the questions that the audience or the chairmen could formulate. The maximum available surface for each poster will be 1200 mm x 1800 mm (width x high).

SESSION CHAIRMEN

On behalf of the International Program Committee, Steering Committee and the Organising Committee of the ICREPQ'09 and take into account their eminent position in the world of science we have selected 32 session chairmen. It is an honour for us their collaboration for to chair the sessions of ICREPQ'09 and their contribution would be greatly appreciated. We wish to express our warmest thanks.

Traditionally the Chairmen of each Session are independent in organising the Session. Nevertheless it is of special importance that the different session chairmen prepare some questions about the papers of their session in order to get a more dynamic one. Furthermore we expect of the session chairmen the following:

Plenary sessions

Each plenary session should not exceed 45 minutes including presentation and discussion, (35 minutes for presentation and 10 minutes for questions).

Oral sessions

Each oral paper presentation should not exceed 15 minutes including presentation and discussion, (12 minutes for presentation and 3 minutes for questions).

Poster sessions

The author(s) of a poster presentation must be stay near the poster during the 45 minutes of the session duration and in order to get a more dynamic session it is important that along this period of time each of the chairmen of the poster

sessions formulate questions to the authors and check that all is OK. The chairmen also file up a sheet with puntuactions for each presented poster and then take into account these evaluations the Organizers will deliver during the Closing Session a present to the three best posters
